## Hiscox eRisk Hub

### How the eRisk Hub helps

This web-based portal provides network security and e-risk management resources to help you prevent data breaches and privacy violations from occurring. After a breach, the Hiscox eRisk Hub also helps you to respond to incidents quickly and minimize your exposure.

### eRisk Hub highlights

#### Incident hotline

The incident hotline, staffed by security experts, provides triage assistance in the event of a breach.

#### NewsCenter

The NewsCenter keeps you up to date with cyber risk stories, security and compliance blogs, security news, risk management events, and helpful industry links.

#### LearningCenter

The LearningCenter contains articles and white papers written by leading technical and legal experts on compliance, network security, privacy and breach recovery.

#### eRisk Resources Directory

From security consultants, to Payment Card Industry (PCI) and Fair and Accurate Credit Transactions Act (FACTA) experts, to forensic investigators, to e-discovery specialists, the eRisk Resources Directory helps you quickly find external resources with deep expertise in pre- and post- breach disciplines. Information about their services, pricing, and key personnel is provided.

### Prevention

- Learn useful practices in cyber risk management
- Monitor breach activity and trends through email alerts and news service
- Obtain an objective assessment of security and privacy readiness
- Get a network vulnerability scan
- Obtain help in developing or refining a privacy policy
- Download risk management forms and documents
- Create a crisis communications plan.

### Recovery

- Call the HELP hotline
- Find attorneys experienced in breach notification, e-discovery, and regulatory compliance
- Engage computer forensics specialists to investigate a breach
- Locate security experts to remediate from an attack and harden security
- Obtain credit monitoring services for affected employees, customers or members
- Retain a public relations firm with experience in managing breach communications.
